Surprise, Arizona 85374

On January 10, 2017, I conducted a fire inspection for a liquor license application at the above referenced location to ensure compliance with the applicable fire codes within the tenant space.

This tenant space has some outstanding fire code violations that will need to be corrected however they will be handled through the normal channels and will not interfere with the liquor license application.

Therefore we recommend that the Liquor License application be approved.

If you have any questions feel free to contact me.
